Activities

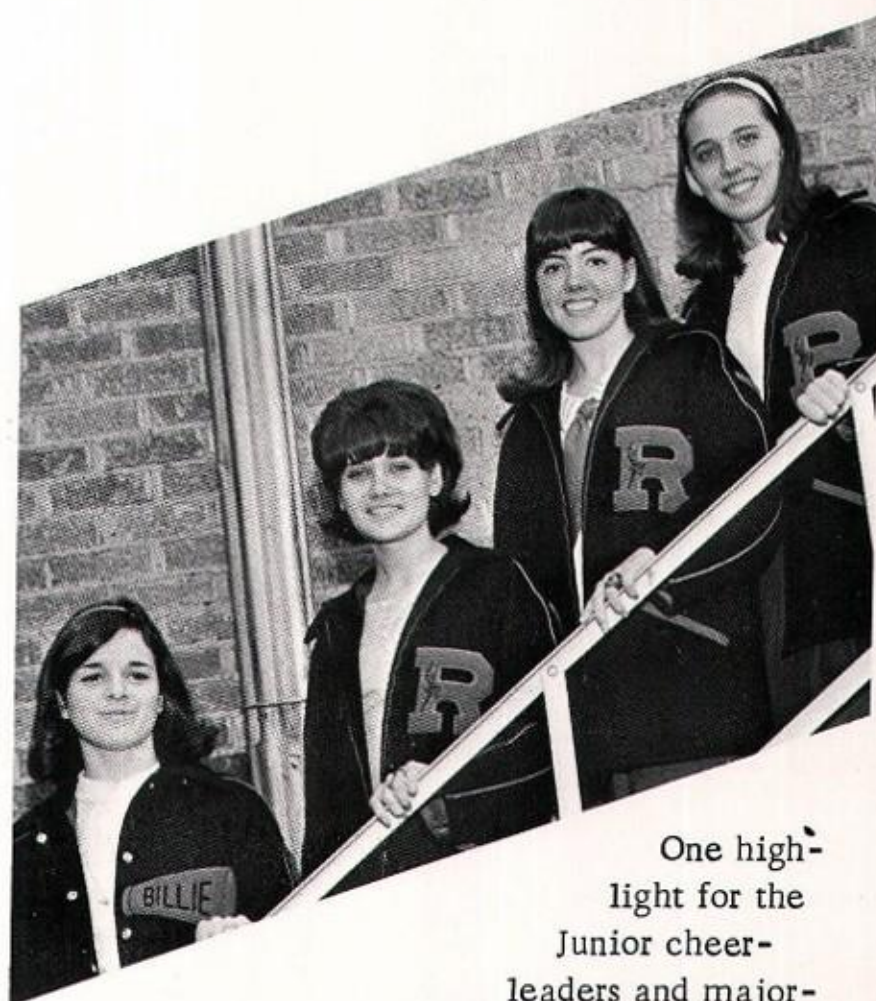

This year's Junior candy sales winners were Linda Friley, Carol Adkins, and Jim McKnight.

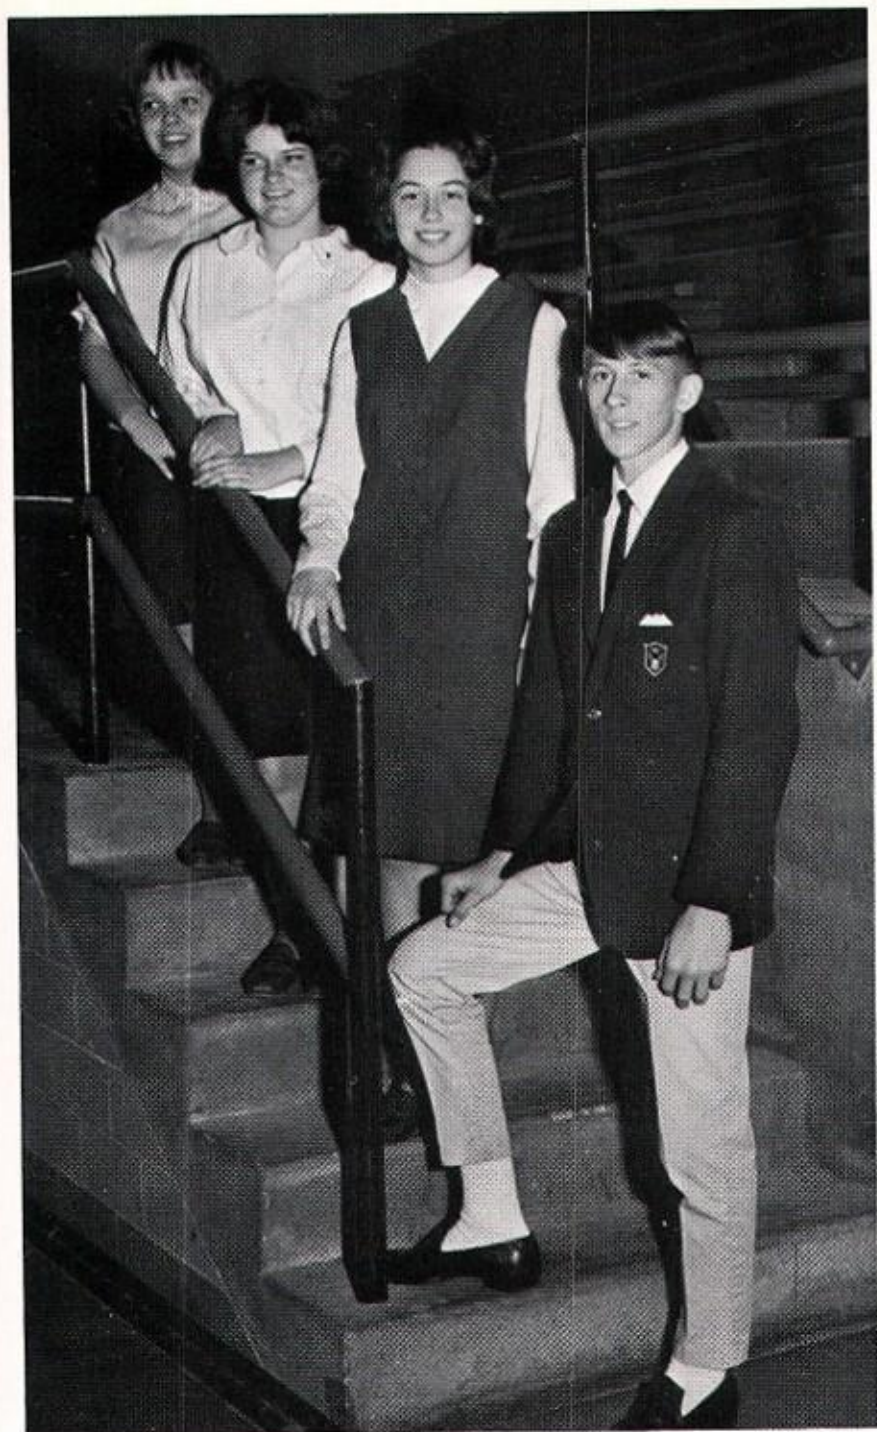

Linda is showing the prom committee some of the decorations that will be used at this year's Jr.-Sr. Prom. The prom is entitled "Polynesian Night".

Marilyn, our class treasurer faithfully collected the class dues; even if she had to fight for them.

One highlight for the Junior cheerleaders and majorettes was when they received their new school jackets.

Future Teachers of America

"Specialized Teaching" was the theme of the F.T.A. this year. This theme was carried out in programs presented on teaching in high schools, schools for the mentally retarded, etc. The club also took field trips to sit in on classes for the mentally retarded. All this was done in addition to carrying out the main purpose of the club which is helping teachers however and whenever possible.

COACH

Football 65

The Raceland Rambler's football team had a fine year. Under the superior coaching of Jim Conley, Co-Coach of the year, the team has increased in numbers and skill. Coach Conley's patience, encouragement, and example have helped the Rams to have a great season.

This year the Ramblers, who placed second in the district also captured the Greenup County title and were Co-Champions with McKell for the N. E. K. C. title.

The Ramblers, with seven starters back this year, held a record of 7-2.

This season the Rams scored a total of 202 points with only 30 points scored by their opponents.

These three groups perform at
various school functions.

The cadet band - our senior band of tomorrow.

The Raceland Majorettes add glamour along with skill to the Band. Roseanna Carter, H.M. Joetta Hewlett, Roi McAllister, Carolyn Adkins, and Judy Cooksey.

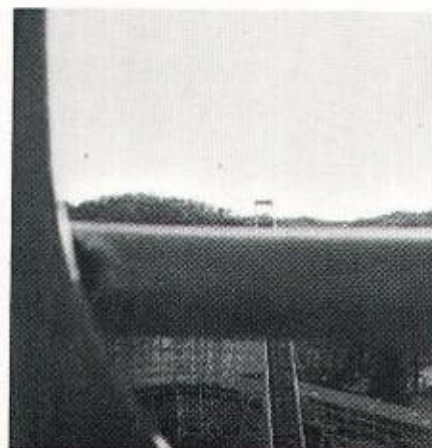

Our Property Managers came out in rain, snow, sleet, or hail to load the bus for a band trip.

At Coney Island the Band received a plaque from the management,

played a short concert,

and then enjoyed the rides completely.

We begin our page of honors with our own deserving Darrell McCown.

Darrell was honored as the Senior who contributed the most to the band.

He was also honored as the greatest contributor to the Concert Band.

Darrell ranked first trumpet, second chair, at All State Band.

He will soon be off to college on a scholarship to Austin Peay. Good Luck to a fine musician!

Darrell also heads Raceland's Pep Band.

The Raceland Marching Band was ranked Superior in our class. Joetta Hewlett, head majorette, holds the trophy.

Senior Ronnie Freeman was acclaimed as the greatest contributor to Marching Band for the past year.

Attention: Mr. O. L. Elam
Re: Raceland Kentucky High School

Dear Mr. Elam:

I would like to take this opportunity to thank you and the Ohio Valley Bus Company for letting us serve you and the Raceland High School group.

As you know we are always skeptical of taking high school groups because we have had problems in the past. However, with the Raceland group of 1966, this was not the case. We were pleasantly surprised and would like for you and the officials of the Raceland High School to know we are proud they are graduating such nice young people.

Thank you again for giving us the opportunity to serve you and the Raceland High School group.

BESIDES STEEL

ARMCO IS IN THE EDUCATION BUSINESS

WHY SHOULD A STEEL COMPANY be in the education business?

WE ARE CONVINCED that the continued growth of our company depends upon the training and abilities of our people.

A VARIETY OF FREE COURSES is offered to Armco men and women. Courses range from blueprint reading to advanced metallurgy and management. Some of our teachers are university professors.

ARMCO'S EDUCATIONAL PROGRAM helps employees to learn more about job skills, company operations or earn credit toward college degrees.

ONE OF EVERY FOUR Armco employees enrolls each year in a company training class or a university course. Our students know that it takes

trained brains to make and sell steel. They know that they will earn bigger paychecks as their understanding and skills improve.

HIGH SCHOOL GRADUATES who qualify may take advantage of more than 100 different training programs. Some become skilled journeymen after four years of on-the-job and classroom instruction. Others take courses at colleges and universities. And Armco pays the tuition.

IT TAKES TRAINED BRAINS to make steel. This is why Armco is in the education business. And this is why we urge you to finish your high school education. Whether you plan to work for a steel company or in some other field, we are sure you will discover that it takes trained brains to get ahead today.
